I understand that the electronic acceptance of the terms is an agreement to initiate service and begin enrollment. I have received, understand and agree to the terms and conditions for my new renewable energy plan set forth in the [Terms & Conditions](#), the [Illinois Letter of Agency](#), the [Illinois Environmental Disclosures Statement](#), and [Automatic Contract Renewal Notice](#). You may print or save the uniform disclosure statement.

You should review the contract and/or contact your current supplier to learn if any early termination fees are applicable. CleanChoice Energy is not the same entity as your electric delivery company. You are not required to enroll with CleanChoice Energy. Beginning on October 1, 2019, the electric supply price to compare is 7.224 ¢/kWh. The electric utility electric supply price will expire on May 31, 2020. The utility electric supply price to compare does not include the purchased electricity adjustment factor. For more information go to the Illinois Commerce Commission's free website at www.pluginillinois.org. The purchased electricity adjustment factor may range between +.5 cents and -.5 cents per kilowatt hour. You may cancel this agreement at anytime without penalty.

The energy your home uses will be paired with renewable energy sources through the purchase of Renewable Energy Certificates.

☐ By checking this box, I agree to the terms above.
